The Department of Mechanical Engineering at the University of New Mexico invites applications for a probationary appointment leading to a tenure decision at the Assistant Professor level. Applicants must hold a doctorate in Mechanical Engineering or a closely related field at the time of hiring, with demonstrated doctoral research expertise in the broad area of solid mechanics. Consideration will be given to candidates with potential or demonstrated experience in teaching undergraduate and graduate courses in solid mechanics and/or materials, and with demonstrated experience in conducting BioMEMS related research including their design, manufacture, characterization, and applications.

Interested individuals are asked to visit our website at http://www.me.unm.edu for a complete description of the Department, University and locale. Applicants must send a signed letter of intent, a detailed curriculum vitae, a 1-2 page description of teaching and research objectives, and the names, mailing addresses, email addresses, and phone and FAX numbers of at least four references by December 16, 2005 to:

Chair, Faculty Search Committee  
Department of Mechanical Engineering  
MSC01 1150  
1 University of New Mexico  
Albuquerque, NM 87131-0001

The University of New Mexico is a Carnegie Doctoral/Research University-Extensive and an Equal Opportunity/Affirmative Action Employer and Educator.
